Dr. Payal Mago
(Principal)

Chief Guest – Ms. Atishi Singh

Atishi Singh is Member of the Delhi Legislative Assembly for Kalkaji. She is a member of the Aam Admi Party's Political Affairs Committee (PAC). She contested the 2020 Delhi Assembly Elections from the Kalkaji seat and won. She had also contested the 2019 Lok Sabha Elections

from the East Delhi Constituency. She was made in – charge of the East Delhi Lok Sabha constituency unit, where her role had been to prepare the party organisation in the run up to the 2019 Lok Sabha election. She joined Aam Admi Party (AAP) in 2013. She was involved in the policy formation of AAP when the party was being formed. She was appointed as the spokesperson of the party in 2013. Until April 2018, she served as Education Minister Manish Sisodia's Advisor and served on a salary of ₹ 1 per month. She played a pivotal role in revamping the state of education in government run schools in the national capital.

Born to Delhi University professors Vijay Singh and Tripta Wahi, she went to Springdales School in New Delhi. She is a graduate in History from the St. Stephen's College, University of Delhi in 2001. She was the topper of Delhi University in 2001. She also holds a Masters in History from the Oxford University, England. After her education in Oxford, she was awarded the Rhodes Scholarship, after which she joined the Magdalen College, Oxford as a Rhodes Scholar in 2005.

She has always been interested in Social work and Public Policy. She keeps participating in a lot of social campaigns and initiatives. She has played a pivotal role in revamping the state of education in government-run schools in the national capital. On her advice, school principals were allowed to hire estate managers to look after non-academic duties such as building maintenance.

The project closest to her heart was the revival of the School Management Committees (SMCs). Mandated by the Right to Education Act, SMCs are parent bodies meant to monitor and supervise the functioning of government schools. Atishi's personal intervention and persistent effort for over two years led to SMCs turning from defunct bodies to functional institutions that keep schools accountable to the community.

She initiated "Chunauti", a set of qualitative reforms for Classes 6 to 8 to tailor classroom teaching practices according to learning levels of children. Over a period of two months, over one lakh children

went from being non-readers to readers. The program was subsequently expanded to cover Classes 3 to 8 under “Misson Buniyaad”, and is now a major part of each school’s annual calendar.

She has tirelessly worked towards the welfare of the society with special attention to the education system. Her passion for mass politics and expertise in policy makes for a potent combination and a breath of fresh air in Indian politics.
