

## Biochemistry: 2017-2018

S.no	Name of the activity	Page No
1.	Technical Fest	1
2.	'Better than Normal' event	2
3.	Inauguration of Lab 2 of Biochemistry Department	2
4.	Saraswati Puja celebrations	2
5.	Holi celebrations	2
6.	Cake Baking session	2
7.	Talk on 'Anecdotes in Biological Sciences'	3
8.	Seminar on 'Library Resources and Informational Databases'	3
9.	Talk by the Biochemistry Department of South Campus, University of Delhi	3
10	Talk on 'The Charm of Biochemistry — Scopes, Applications and Future Prospects'	3
11	Seminar on 'Modern Science and Indian Culture'	4
12	Educational trip to South Campus	4
13	Educational trip was organised to Dabur at Kaushambi, UP	4
14	Overnight trip to Bahadugarh, Haryana	4
15	Environment friendly programmes	5
16	Cleanliness drive activities	5
17	Student mentor initiative	5

1. **Technical Fest:** A Technical Fest was organised in collaboration with Departments of Microbiology, Biomedical Sciences (BMS) and Biochemistry on 27 October, 2017. The theme was based on Forensic Sciences. **Number of Participants:** 200 approx.

2. **‘Better than Normal’ event** was organised by the Biochemistry Department on 24 August, 2017 in which Mr. Hitesh Ramchandani demonstrated how, despite being born with cerebral palsy, he battled stereotypical adversities and overcame various challenges in his life. **Number of Participants: 41**

3. **Inauguration of Lab 2 of Biochemistry Department** The Lab 2 of Biochemistry Department was inaugurated by Dr. S. Lakshmi Devi on 25 January, 2018. Mentorship certificates were distributed and various activities pertaining to environment, were conducted by the department. **Number of Participants: 41**

4. **Saraswati Puja celebrations:** Saraswati Puja was celebrated in the foyer area on 22 January, 2018 in which a small puja was performed followed by the recitation of a poem ‘Basant Geet’ and singing of ‘Saraswati Vandana’. **Number of Participants: 41**

5. **Holi celebrations:** Festival of Holi was celebrated on 26 February, 2018 in which participants from the department performed ‘Ghoomar’, a folk song from Rajasthan and prepared a probiotic drink ‘Kanji’. This was followed by a lucky draw in which handmade gifts were given to the winner. **Number of Participants: 41**

6. **Cake baking session:** On 19 March, 2018, Mrs. Deepa Lohani had come to teach students how to bake a cake using simple ingredients. Other departments also joined the session. **Number of Participants: 41**

7. **Talk on 'Anecdotes in Biological Sciences'**: On 3 November, 2017, a talk on 'Anecdotes in Biological Sciences' was organised by the department in which Dr. S. Lakshmi Devi was the key speaker. She gave a talk on the prospects and scope in the field of biological sciences. **Number of Participants: 41**

8. **Seminar on 'Library Resources and Informational Databases'**: On 15 January, 2018, a seminar on 'Library Resources and Informational Databases' was organized, which was presided over by Dr. Projes Roy, the librarian of our college. He informed us about all the technologies and facilities available in our library and how to make proper use of them. **Number of Participants: 41**

9. **Talk by the Biochemistry Department of South Campus, University of Delhi**: A very informative talk was organised by the Biochemistry Department of South Campus, University of Delhi on 19 January, 2018 on the topic of drug discovery which was headed by Dr. S. K. Maulik, Professor of Pharmacology, AIIMS and the event was attended by the biochemistry department of the college. **Number of Participants: 41**

10. **Talk on 'The Charm of Biochemistry — Scopes, Applications and Future Prospects'**: On 2 February, 2018, Dr. Suman Kundu, HOD, Biochemistry Department, South Campus delivered a talk on 'The Charm of Biochemistry — Scopes, Applications and Future Prospects' and updated us on the many contributions made in this field by various organisations. **Number of Participants: 41**

11. **Seminar on 'Modern Science and Indian Culture:** A seminar on 'Modern Science and Indian Culture' was held on 26 February, 2018 with the key speaker being Dr. S. C. Goswami, Retd., Professor, Dyal Singh College, who briefly informed us about the history of modern science and culture of our country and how they are both correlated to each other. **Number of Participants: 41**

12. **Educational trip to South Campus:** The department went on an educational trip to South Campus on 8 September, 2017 where various instruments used in laboratories were showcased. **Number of Participants: 41**

13. **Educational trip was organised to Dabur at Kaushambi, UP:** A very informative educational trip was organised to Dabur at Kaushambi, UP on 10 April, 2018. **Number of Participants: 41**

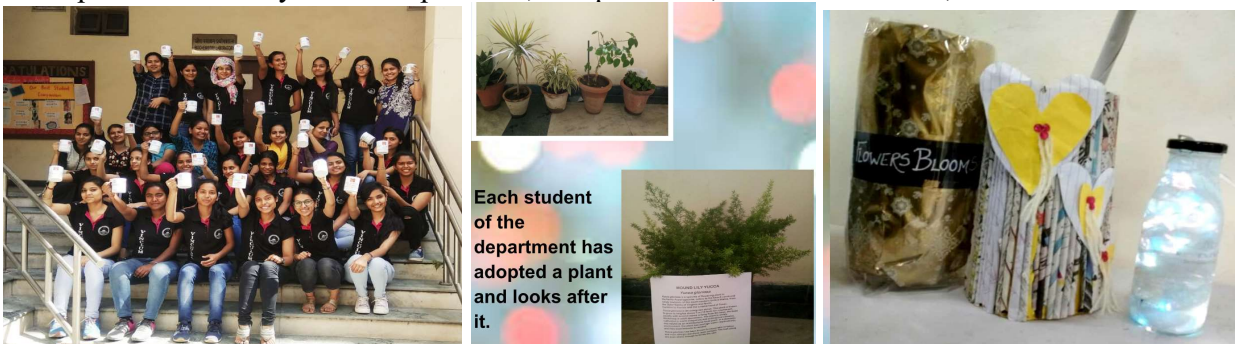

14. **Overnight trip to Bahadugarh, Haryana:** An overnight trip was organised by the department to Bahadugarh, Haryana on 27 February, 2018 in which the students participated in various games and celebrated Holi. **Number of Participants: 41**

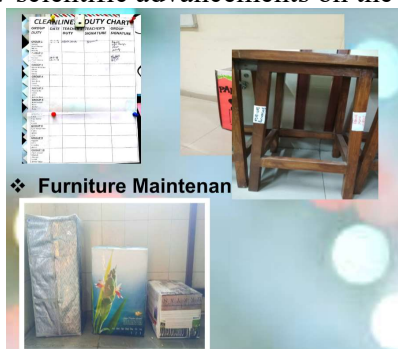

15. **Environment friendly programmes:** Various environment friendly programmes were planned by the department like Say No to Disposables, Adopt a Plant, Best out of Waste, to name a few.

16. **Cleanliness drive activities:** Various cleanliness drive activities were organised by the department like adopting instruments, furniture maintenance, maintaining cleanliness both inside and outside of the laboratories and putting up new scientific advancements on the News Board.

17. **Student mentor initiative:** Voluntary mentors were made in the first semester in which students helped each other to grasp things that were taught in class. Surbhi Chauhan won the title of best mentor. **Number of Participants: 41**
