1. **Seminar on "Cyber Security":** The department of computer science and electronics has organised a talk on "cyber security" by Mr. Rakshit Tandon, a professional from Internet and Mobile Association of India on 28th September'17. There were around 200 students along with the faculty members who got the privilege to be a part of his informative session. The speaker shared few of his cases with us and tried to introduce various aspects of cybercrime. He highlighted the chain of Attack-Defense-Response which has to be maintained so to be cope-up with the cybercrimes. He expressed his concern for the youth, which is most vulnerable to all these things. He even taught us a few things regarding our accounts and passwords, so that we can have a secure control on them. Moreover, he laid stress on the misuse of mobile phones and various apps like Facebook, WhatsApp, Instagram etc. He took general examples to make us realize how social media can be a curse for us as it is the backbone of cybercrime. At last he stated the fact that we should not panic if we become a victim of cybercrime. Instead, we should report to the nearby cybercrime cell or to any gazette officer of SP rank and file a written complaint, irrespective of the intensity of crime. It was a two hour long session which proved to be very informative for all of us. Rakshit Tandon, has created a revolution in the field of cyber security. He has gone one step up and besides touching just keyboards and wires all the time he has touched lives of thousands of people.

2. Seminar on "Exploring Career Opportunities": Department of Computer Science organized an interactive session on "Career Counseling and Internship Advice" on

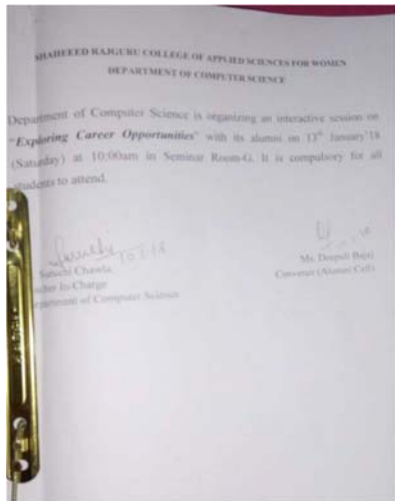

13th Jan 2018. Various alumni came and guided current batch of students about numerous career options relating to industry standards.

✓ **The speaker/guest for the event:**

- Nikita Kumari is working at rezo.ai as Associate data scientist
- Taniya Seth is a PhD scholar from South Asian University.
- Smrity Chaudhary is working as Software Development Engineer 1 in Amazon.
- Deepti Sharma is working as Software Engineer 1 in Cvent.
- Divya Gandhi is working as Software Development Engineer 1 in Amazon.
- Annu Joshi is working in McKinsey as Data Engineer

✓ **No. of participants: 156**

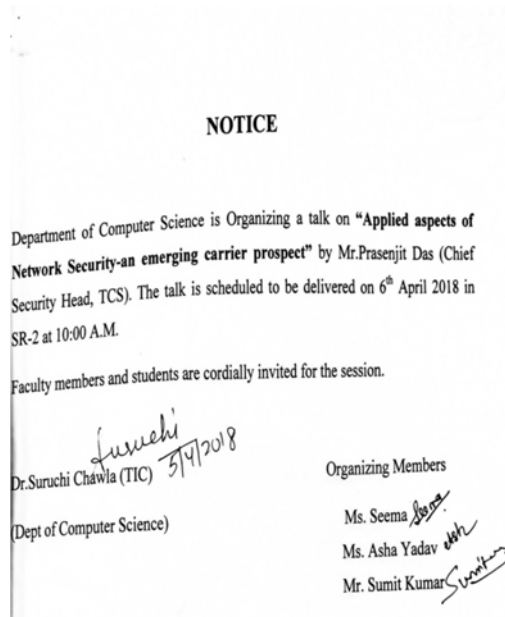

✓ **Any image as proof:**

3. **Seminar on "Applied Aspects of Network Security- an emerging career prospect"**: Talk on “Applied aspects of Network Security-an emerging career prospect” was organized on 6th April 2018 in Department of Computer Science. Resource person for the talk was Mr. Prasenjit Das (CSO, Head of Security, TCS) with more than 23 years of experience in network Security. Mr. Das briefed students about role of network security and its emerging job trends in industry. He also

discussed the various certifications which students can obtain to pursue the area of security as their career. Students got the knowledge regarding network security, cyber security, career opportunities in Network and cyber security etc. The talk proved to be very beneficial for the students especially for the final year graduates as it clarified them about various options available.

- ✓ **The speaker/guest for the event:** Mr. Prasenjit Das (CSO, Head of Security, TCS)
- ✓ **No. of participants:** 26
- ✓ **Any image as proof:**

4. **Workshop on “BIG Data & Hadoop”**: Department of Computer Science organized two-day workshop on Bigdata and Hadoop in collaboration with TCSion Training Partner on 26th March and 27th March 2018 for students. The workshop gave hands on experience on Hadoop and its features as well as application to Bigdata. The workshop was interactive and informative for students.
- ✓ **The speaker/guest for the event**: Mr. Azmat Siddique, Trainer from Akatva TCS iON Training Partner
 - ✓ **No. of participants**: 37
 - ✓ **Any image as proof**:

5. **Workshop on “Game Development using JavaScript”**: Department of computer science organized an interactive workshop on “GAME DEVELOPMENT WITH JAVASCRIPT” with CODING BLOCKS with a Mentor: HARPREET SINGH on 24 TH January’18. It was organized within the college premises from 10 am to 4 pm. This workshop offered a great benefit to the students as they got to know a totally different skill. Students got the hands-on experience to create a basic Javascript game. 80+ students have participated in the workshop. Students found this workshop really interesting.

- ✓ **The speaker/guest for the event:** Mr. Harpreet Singh, Coding Blocks
- ✓ **No. of participants:** 82

NOTICE

This is to inform you that Department of Computer Science is organizing a hands-on workshop on "Game Development using JavaScript" to be delivered by Coding Blocks' mentors on **January 24, 2018** from 9 AM – 1 PM in **Computer Lab-1(2nd Floor)**.

All the students of B.sc. (H) Computer Science (2nd Year and 3rd Year) are required to attend the same and must to be seated by 9:00 AM in Lab-1.

Happy Learning!

Dr. Suruchi Chawla 23.1.18
(TIC, Deptt. Of Comp. Sc.)

6. **Seminar on "Journey to CERN- Switzerland"** : A talk on "Journey to CERN" was organized by Department of Computer Science under the umbrella of Alumni cell on 20th March, 2018. The talk was delivered by our elite alumni Ms. Dinika Saxena currently working as Web Developer in CERN, Switzerland. She shared her experience about life at CERN. Also, she briefed students about the direction and approach to be followed while studying to land up at such opportunities. At the end, she also shared the details of various internships available for students. The talk proved to be very useful and informative for providing direction to students.
- ✓ **The speaker/guest for the event:** Ms. Dinika Saxena, Alumni, SRCASW
 - ✓ **No. of participants:** 36
 - ✓ **Any Image as Proof:**

7. **Workshop on “Python3”:** One-day hands-on workshop on “Python3” was organized in Computer Science Department, SRCASW on 3rd February 2018. The workshop was successfully delivered by Dr. Sandeep Nagar. Dr. Sandeep Nagar obtained PhD in the field of Material science from KTH (The Royal Institute of Technology), Sweden in 2012. Presently, he is working as Head of Electrical and Electronics Department (Assistant Professor-III) at Department of Electrical and Electronics Engineering, G. D. Goenka University.
- ✓ **The speaker/guest for the event:** Dr. Sandeep Nagar, Head of Electrical and Electronics Department (Assistant Professor-III) at Department of Electrical and Electronics Engineering, G. D. Goenka University.
 - ✓ **No. of participants:** 32
 - ✓ **Any image as proof:**

8. **Seminar on "Career Awareness and Emerging Trends in IT industry"**: The department of computer science and college placement cell organized a seminar on Career Awareness and Emerging Trends in Industry by TCSiON on 16th February at 10.am in college. Students from Computer Science, Electronics and Instrumentation department attended it. It was addressed by senior visiting professional of TATA Consultancy Services HQ in Chennai, Mr Vishal Isaac. Mr Vishal works as Assistant Consultant at TCS iON Digital Hub at Chennai. He has 12+ years of enriched experience in Education domain and has given more than 100+ career guidance sessions in various colleges and institutions. The seminar was informative to students in view of career guidance to students and job scope in industries.
- ✓ **The speaker/guest for the event:** Mr. Vishal Isaac, senior visiting professional of TATA Consultancy Services HQ in Chennai
