## **PHILYRA-THE WESTERN MUSIC SOCIETY**

We held a number of events over the year 2021–2022, all with a great deal of excitement and passion to discover the world between notes. The year started with us performing at the NAAC EVENT which received great praise. Soon after we welcomed our freshers with a splendid performance where we chose to sing the all time favorite F.R.I.E.N.D.S theme song. With the various competitions and practice sessions conducted by Philyra, the new ones got the hang of how things are to be done and we prepared for the college's annual fest with full enthusiasm. In addition to our performance in the fest, we also conducted a training session with a music educator, Mr. Rahul Sharma who guided us about how to improve our skills and conquer various problems one faces while singing.
