Social Media vs. Traditional Business Analytics

Social Media Analytics	Business Analytics
Semistructured and unstructured data	Structured data
Data is not analytical friendly	Data is analytical friendly
Real-time data	Mostly historical data
Public data	Private data
Stored in third-party databases	Stored in business-owned databases
Boundary-less data (i.e., Boundary within the Internet)	Bound within the business intranet
Data is high volume	Data is medium to high volume
Highly diverse data	Uniform data
Data is widely shared over the Internet	Data is only shared within organizations
More sharing creates greater value/impact	Less sharing creates more value
No business control over data	Tightly controlled by business
Socialized data	Private data
Data is informal in nature	Data is formal in nature

PSYMENTIA

A window to psyche, mind and conscientia

Science proves
consciousness
survives the
death of Brain

Whatever We Meet in our
Exercising Mind And Memory
With Imagination And Emotion
Will One Day Become A
Reality

Remember That your Description
of The World is A
Reflection of your State
of Consciousness

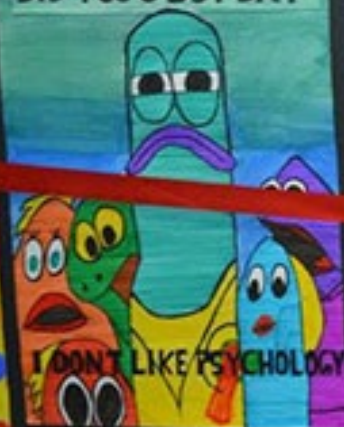

When A Person Dies, They lose
7 Months of Every Activity
Left. It's The Next Morning
Back The Person Remembers
As A Long Forgotten

Your brain is
literally shaped
by the thing you
eat, think & do
repeatedly

KEEP
TALKING
"I'm
DIAGNOSING"
YOU!

DID YOU JUST SAY

I DON'T LIKE PSYCHOLOGY
