

## **Events held from July 2022 to May 2023**

### **1. Teachers Day 5th September 2022**

Teachers' Day is an important occasion for all the educational institutions and honors the hard work and teachings of all the respected teachers. On 5th September 2022, Edesia-The department of Food Technology had conducted a Teachers day Party given to the respected teachers by the departmental council and the students of all the three years. The zeal of the celebration came alive from the interesting games and dancing. The teachers were also able to refresh their mind from teachings and to be able to live a day dedicated wholly to them.

### **2. Millet Recipe Formulation Competition 27th September 2022**

A Millet Recipe formulation competition was conducted on 27th September 2022 for celebrating the upcoming beginning of year 2023 which is also called an International Year of Millets by the United Nations.

The event was conducted in Edesia-the Department of Food Technology in the Food Instrumentation Lab. Several teams from multiple colleges came and participated in the competition.

The winning team was Mehak Gupta and Kumari Saumya. They made a Millet based Navratri Thali.

The winners were also awarded with the cash prizes.

### **3. Edesia Council for the year 2022-23**

8. CR 1st year - Gurpreet Kaur
9. CR 2nd year - Dhruvika Katna
10. CR 3rd year - Ayesha Khan

#### 4. World Food Day, 16th october 2022

Edesia- the department of food technology organizes the world food day on 16th October 2022 on the theme: "Leave Noone Behind."

The day includes some of the wonderful events, namely Technical Talk, in which Ms Payal Maji (Technical Assistant Director, FSSAI), Heads-up Challenge and Quiz competition. The whole event was conducted under the guidance of Dr. Ranjana Singh, the teacher in charge of Edesia and was organized by the Departmental Council of Edesia.

### **5. Freshers party 27th March 2023**

In order to welcome new and young minds to Edesia- the department of Food Technology, a Freshers Party on 27th March was conducted. All the students of the department participated with full zeal and enthusiasm showcasing the best of their talents and winning the titles of Miss Freshers.

## 6. Farewell Party 28th April 2023

Bidding the seniors a farewell has always been an ever so emotional moment for one and for all. Following the legacy, A Farewell Party for the 3rd year students of Edesia-The Department of Food Technology was conducted on 28th April 2023. Students of all the years and the faculty were present in order to wish the seniors a happy and successful journey ahead. The senior students were given the title of Miss Food Tech, Miss Farewell, Miss Entertainer etc. The event then came to an end by dancing and enjoying the ever so emotional party.

## 7. Trip to Ancient golden mill, 16th Feb 2023

Edesia- the department of food technology organized a trip to The Ancient Golden Mill, a company solely dedicated to process and sell the products made from Millets. The students along with the Food Technology Faculty got an insight about the processing of various products of millets such as Millet Namkeen, Millet Poha etc. The reason to visit the Factory was to promote the UN declared 2023 as the International Year of Millets. Later on, few of our students got the opportunity of doing their internships in that company.

### **8. NDRI trip, 27th Feb 2023**

Edesia - The Department of Food Technology organized a trip to National Dairy Research Institute, Karnal, Haryana, where students of 3rd and 2nd year along with the Faculty got an erudite regarding equipment, processing, and products made from milk. The students were able to witness several varieties of Indian, western and indo-western breeds of the cows. Various sections such as the milking section, product processing section, and the packaging section were seen by the students. The overall experience was very insightful and the students were able to gather knowledge from the NDRI workers and staff.
