To whomsoever it may concern,

I'm writing to recommend **Khushboo Sain**.

I've had the opportunity to work with her at **Futurus**, and have been consistently impressed with her diligence, efficiency, and ability to get things done.

She has worked for me directly as an intern. In this role, she performed many administrative and functional tasks.

I believe that she would be an excellent addition to your team. I've been consistently impressed with her organisational skills and grace under pressure. She constantly seeks to learn more. She's also a quick learner who picks up new technology with great speed.

I strongly recommend her for your company. She's organised, detail-oriented, effective, and committed to getting the job done. She would definitely be an asset to your team.

Please feel free to contact me at [harshitbansal@futurus.co.in](mailto:harshitbansal@futurus.co.in), if you have any questions.

Aryaa has learnt to perform Native and SDS-Polyacrylamide Gel Electrophoresis very well and has become proficient in colorimetric protein estimation, high-speed centrifugation, and preparation of samples for analytical purposes.

During her stay in our laboratory, Aryaa impressed us with her diligence, experimental rigour, and precision. She gelled extremely well with the post-graduate students working for their dissertation and was always eager to lend help. She has developed the ability to prepare protein samples for electrophoretic analysis, run gels that are as close to perfection as any, and use Coomassie or silver staining for visualisation. All the work embodied in her write-up has been performed by her.

I am extremely happy with her conduct and work ethic throughout.

To whom it may concern

This is to certify that **Ms. Akanksha Bisht**, student of **B.Sc. (H) Biochemistry**, Shaheed Rajguru College of Applied Sciences for Women, University of Delhi has successfully completed her summer training internship in the field of **Nanoscience and Nanotechnology** organized by Department of Instrumentation, under Centre for Multidisciplinary Research, Innovation & Entrepreneurship (CMRIE) Shaheed Rajguru College of Applied Sciences for Women, University of Delhi during June 1<sup>st</sup>, 2022 to July 20<sup>th</sup>, 2022.

She has worked on a project entitled "**Synthesis of silica coated magnetic nanoparticles for anticancer curcumin drug delivery**". As part of her project, she has designed and synthesized magnetic silica core-shell nanoparticles as delivery carrier for anticancer curcumin drug. During the period of her internship program with us she was found punctual, hardworking and inquisitive.

We wish her success in all future endeavors.

### To whom it may concern

This is to certify that **Ms. Nandita Das**, student of **B.Sc. (H) Instrumentation**, Shaheed Rajguru College of Applied Sciences for Women, University of Delhi has successfully completed her summer training internship in the field of **Semiconductor Devices and applications** organized by Department of Instrumentation, under Centre for Multidisciplinary Research, Innovation & Entrepreneurship (CMRIE) Shaheed Rajguru College of Applied Sciences for Women, University of Delhi during June 1<sup>st</sup>, 2022 to July 20<sup>th</sup>, 2022.

She has worked on a project entitled "**Development of MOSFET based pH-sensor**". As part of her project, she has developed a cost-effective pH sensing system using Ag/AgCl glass electrode as a pH-sensitive material in a N-channel Metal Oxide Semiconductor Field Effect Transistor (MOSFET- IRFZ44N). During the period of her internship program with us she was found punctual, hardworking and inquisitive.

We wish her success in all future endeavors.

**To whom it may concern**

This is to certify that **Ms. Pranamya Sinha**, student of **B.Sc. (H) Biomedical Sciences**, Rajguru College of Applied Sciences for Women, University of Delhi has successfully completed her summer training internship in the field of **Internet of Things** organized by Department of Instrumentation, under Centre for Multidisciplinary Research, Innovation & Entrepreneurship (CMRIE) Shaheed Rajguru College of Applied Sciences for Women, University of Delhi during June 1<sup>st</sup>, 2022 to July 20<sup>th</sup>, 2022.

She has worked on a project entitled "**Internet of Things Based 3-Lead ECG Signal Acquisition System**". As part of her project, she has developed the Internet of Things Based 3-Lead ECG Signal Acquisition System which monitors ECG remotely in real time. During the period of her internship program with us she was found punctual, hardworking and inquisitive.

We wish her success in all future endeavours.
