## NATIONAL CONFERENCE on ADVANCES IN FOOD SCIENCE AND TECHNOLOGY (NCAFST - 2016)

March 16-17, 2016

Venue :  
**Shaheed Rajguru College of Applied Sciences for Women (University of Delhi)**  
 Vasundhara Enclave  
 Delhi - 110 096

Organised by :

Department of Food Technology  
**Shaheed Rajguru College of Applied Sciences for Women**  
 Vasundhara Enclave  
 Delhi - 110 096

### Invitation

The first national conference NCAFST 2016 (UGC sponsored & DBT Star funded) will be held in Delhi on March 16-17, 2016 and will be hosted by Department of Food Technology, Shaheed Rajguru College of Applied Sciences for Women.

The main objective of the conference is to provide a platform for exchange of knowledge and share recent innovations and research in the field of Food Science and Technology. The conference will have oral paper presentations, poster presentations, invited talks and panel discussions on recent advancements in Food Science & Technology.

### Areas of Interest

- Cereal Technology and Bakery Sciences
- Fruit and Vegetable Processing
- Dairy and Dairy products
- Meat and Poultry Processing
- Functional Foods and Nutraceuticals
- Ready to eat and Instant Foods
- Food Packaging
- Food Safety
- Food and Nutrition
- Organic and Genetically modified foods
- Non-conventional Food Processing Technologies

The conference also includes other relevant correlated topics.

### About the College

Shaheed Rajguru College of Applied Sciences for Women is affiliated to University of Delhi, Government of NCT, Delhi and is a 25 years old educational institute offering vocational science honours courses like B.Sc. in Electronics, Food Technology, Instrumentation, Computer Science and Biomedical Science. These professional courses provide the platform where the students are equipped with essential and practical knowledge to face the challenging positions worldwide.

### About the Department

The Department of Food Technology having excellent infrastructure facilities, a uniquely designed curriculum and intense industrial interaction, has done an outstanding job of producing nearly 450 Food technologists who are presently working as quality control analysts, R&D Managers, marketing managers and food microbiologist in Food Industries.
